Liz Phair's Exile in Guyville (33 1/3) Gina Arnold

Although *Exile in Guyville* was celebrated as one of the year's top records by *Spin* and the *New York Times*, it was also, to some, an abomination: a mockery of the Rolling Stones' most revered record and a rare glimpse into the psyche of a shrewd, independent, strong young woman. For these crimes, Liz Phair was run out of her hometown of Chicago, enduring a flame war perpetrated by writers who accused her of being boring, inauthentic, and even a poor musician.

With *Exile in Guyville*, Phair spoke for all the girls who loved the world of indie rock but felt deeply unwelcome there. Like all great works of art, *Exile* was a harbinger of the shape of things to come: Phair may have undermined the male ego, but she also unleashed a new female one. For the sake of all the female artists who have benefited from her work?from Sleater-Kinney to Lana Del Rey and back again?it's high time we go back to Guyville.
