Lynette L. Barton

The Whole Duty Of Mankind: Nothing New Under The Sun Lynette L. Barton

An explosive straight forward concise and extremely simple magnification of the message of YHWH (Our Creator) that has not nor will ever change! If you are seeking truth and are confused by the garbled message we have inherited due to the thousands of years we are removed from the Hebrew language and culture, then this is a must read for you! If you are a person that does not have the time nor patience to read for days and months on end, then this is the book for you, I have done the homework for you and all you have to do is decide for yourself what 'truth' is. The genuine message of the Bible is not understood today by mainline Christianity or by mainline Judaism. This book will inspire those who 'sincerely' thirst for truth to dig and study beyond what we all have "inherited" which is a polluted message and not the genuine message of scripture that was once delivered to the saints and demonstrated by Messiah. I assure you this book will be viewed by the majority as "Brutally Honest". This book will answer the questions: Why were we created? What is being human all about? What is YHWH's will for us all? I hope you will pray for understanding and wisdom 'before' you begin to read this little book. May Yah make his face to shine upon you and give you Shalom (completeness, integrity)! L.B.
