The Talbots are evacuating their home amidst a zombie apocalypse. Mankind is on the edge of extinction as a new dominant, mindless opponent scours the landscape in search of food, which just so happens to be noninfected humans. This book follows the journey of Michael Talbot; his wife Tracy; and their three kids, Nicole, Justin, and Travis. Accompanying them are Brendon, Nicole's fiancé and former Wal-Mart door greeter, and Tommy, who may be more than he seems. Together they struggle against a ruthless, relentless enemy that has singled them out above all others.

The Talbots have escaped Little Turtle, but to what end? For, on the run, they find themselves encountering a far vaster evil than the one that has already beset them. As they travel across the war-torn countryside they soon learn that there are more than just zombies to be fearful of: With law and order a long-distant memory, some humans have decided to take any and all matters into their own hands. Can the Talbots come through unscathed, or will they suffer the fate of so many countless millions before them?

It's not just brains versus brain-eaters anymore. And the stakes may be higher than merely life and death, with eternal souls on the line.
