Imagine this, making Caramelised Tobacco with Whiskey flavoured soap on your own, packing it into a handsome cover and gifting your dad! Moreover, the labour input is just an under an hour job!

Soap-making or saponification has been each of our childhood science experiment projects as well as easiest organic and simple skin-care product. The production of organic soaps are wide in today's market as each of us use soaps or shower gels to cleanse our body each day lest not thrice a day. Hence, the ingredients or the chemical compositions of these every day, religiously used soap, should be thoroughly comprehended to determine your skin damages in the future. Many reports currently say that utilising chemically nourished soaps for the longer time will render you with crisp and stubborn cancer in the latter half. On the other hand, natural and organic methods to make soap are that easy that it is possible to not only produce simple organic and medicinal soaps in half an hour, but also produce exotic and intoxicating soaps in the same time interval.

The book provides a clear description of what commercial soaps do to your skin, as well as the recipes to many basic, simple, herbal, exotic and medicinal soaps to help your skin heal, nourish and glow all on its own! The recipes are very simple and produce soaps in the least of manual labour, for the exquisiteness of their varieties like Caramelised Tobacco and Whiskey Soap, Transparent Soap, Charcoal Soap, Coffee cream and the simple yet exotic varieties of soaps. The book also sheds light on precautions to take while making soaps as well as information on the usefulness of each soap.

As soap is a regular acquaintance of the skin, one must take care to use specific soaps as well as make exotic varieties that heal and make it healthier. The various varieties of soaps can also be packed into beautiful covers and gifted to the dear ones!
