The university world can be a confusing place, filled with many competing worldviews and perspectives. Beliefs and values are challenged at every turn. But Christians need not slip into the morass of easy relativism. David Horner restores sanity to the collegiate experience with this guide to thinking and flourishing as a Christian. Carefully exploring how ideas work, he gives you essential tools for thinking contextually, thinking logically and thinking worldviewishly. Here Horner meets you where faith and reason intersect and explores how to handle doubts, with an eye toward not just thinking clearly but also living faithfully. This is the book every college freshman needs to read. Don't leave home without it.
