## Part-Time on the Tenure Track: AEHE Volume 40, Number 5 (J-B ASHE Higher Education Report Series (AEHE))

The case for a flexible work schedule for faculty has been repeatedly made, with one policy recommendation being part-time positions for tenure-track/tenured faculty (PTTT). Despite some of the benefits of this approach for both faculty and institutions, the PTTT concept is the least implemented policy for faculty flexibility and is poorly understood. This report offers the first comprehensive treatment of PTTT, suggesting that this mode of flexibility enhances recruitment, retention, and engagement of faculty, while offering value-added productivity, planning potential, and faculty loyalty for the institution.

Herbers provides data that explore how a PTTT policy can lead to faculty success and satisfaction across the lifespan of a career, and likewise offers analogies and examples of well-established practices that administrators across institution types can adapt to create their own policies. Administrators and faculty will find the author's policy recommendations, best practices, and solutions to common challenges to be a roadmap for stimulating change in their institutions.

This is the 5th issue of the 40th volume of the Jossey-Bass series ASHE Higher Education Report. Each monograph is the definitive analysis of a tough higher education issue, based on thorough research of pertinent literature and institutional experiences. Topics are identified by a national survey. Noted practitioners and scholars are then commissioned to write the reports, with experts providing critical reviews of each manuscript before publication.
