Stephen B. Vardeman, J. Marcus Jobe

Statistical Methods for Quality Assurance: Basics, Measurement, Control, Capability, and Improvement (Springer Texts in Statistics) Stephen B. Vardeman, J. Marcus Jobe

The rich set of examples and problems integrated throughout this book will help readers gain a better understanding of where and how to apply Statistical Quality Control (SQC) tools. Real projects, cases and data sets show clearly how SQC tools are used in practice. Topics are covered in the right amount of detail to give insight into their relative importance in modern quality assurance and the ability to immediately use them.
