Doing Qualitative Research in Psychology: A Practical Guide

Doing Qualitative Research in Psychology: A Practical Guide

This unique text provides a complete introduction to qualitative methods in psychology and will be ideal reading for anyone doing a course in qualitative psychology or planning a practical project using qualitative approaches. Forrester's book has been developed in tandem with its own dataset, collected specifically for the book which will be a unique resource for any students using the text. Using interview recordings (video and audio, available to readers on-line) alongside worked examples of different ways to analyze the same dataset, the handbook and the interview data together provide an invaluable resource for anybody interested in either learning or teaching qualitative methods in psychology.
