Managing Change, Creativity and Innovation

Patrick Dawson, Constantine Andriopoulos

Managing Change, Creativity and Innovation Patrick Dawson, Constantine Andriopoulos

This bestselling text continues to provide a fresh approach to organisational change by linking it to the key drivers of creativity and innovation, but now contains improved coverage of approaches to change.

It explores change as a human and social process, looking at the vital role leadership, entrepreneurship and creativity play in change management, rather than viewing it as a series of systems and mechanisms. In doing so, it provides all the theoretical and practical understanding you will need as both a student of change and a future manager.

The second edition comes with access to a range of learning and revision aids online and is packed with cases and examples from around the globe. Visit the companion website today at www.uk.sagepub.com/dawson.
