Still The Big News: Racial Oppression In America Bob Blauner

For more than thirty years, Bob Blauner's incisive writing on race relations has drawn a wide and varied audience. Whether his topic is the Watts riots in 1965, Chicano culture, or the tension between Blacks and Jews, his work is remarkable for its originality and candor. Beginning with the key essays of his landmark book, "Racial Oppression in America", this volume makes the case that race and racism still permeate every aspect of American experience. Blauner launched his concept of internal colonialism in the turbulent 1960s, a period in which many Americans worried that racial conflicts would propel the country into another civil war. The notion that the systematic oppression of people of color in the United States resembles the situation of colonized populations in Third World countries still informs much of the academic research on race as well as public discourse. Indeed, today's critical race and whiteness studies are deeply indebted to Blauner's work on internal colonialism and the pervasiveness of white privilege. Offering a radical perspective on the United States' racial landscape, Bob Blauner forcefully argues that we ignore the persistence of oppression and our continuing failure to achieve equality at our own peril. Author note: Bob Blauner is Professor Emeritus, Department of Sociology, University of California, Berkeley, and a freelance writer.

This great information could drawn you into new stage of crucial considering.

James Wood:

As a pupil exactly feel bored to be able to reading. If their teacher questioned them to go to the library as well as to make summary for some publication, they are complained. Just little students that has reading's heart and soul or real their passion. They just do what the teacher want, like asked to go to the library. They go to at this time there but nothing reading critically. Any students feel that reading is not important, boring along with can't see colorful images on there. Yeah, it is being complicated. Book is very important in your case. As we know that on this period of time, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. So , this Still The Big News: Racial Oppression In America can make

you sense more interested to read.
