We Are the Mutation Nation! The scariest monsters may not be the supernatural creatures we've been taught to fear. We can run from the marauding zombie, refuse to invite a hungry vampire, or turn on the light to banish the ghost in the dark. But there is one thing we cannot escape: our own DNA. When the very stuff we're made of starts to change, we question what it is to be human. The answer may lead us to a country known as Mutation Nation. The citizens of Mutation Nation are gathered here in eleven all-original stories from the inventive minds of New York Times bestselling author Stephen Woodworth (*Through Violet Eyes*), actress/writer Barbie Wilde (*Hellraiser II*, *Hellbound Hearts*), Pushcart-nominated writer Jarret Keene (*A Boy's Guide to Arson*), and other masters of the misfit who are sure to convince you that the most bizarre creatures in existence are ourselves. Let the maladaptive mayhem begin. Meet the inhabitants of Mutation Nation.
