Red Sparrow (Chinese Edition) Jason Matthews

In the tradition of John le Carré, the bestselling, impossible-to-put-down, espionage thriller that is "a primer in twenty-first century spying" (The New York Times Book Review), written with the insider detail that only a veteran CIA operative could know and shortlisted for an Edgar Award. Taking place in today's Russia, still ruled with an iron fist by Prime Minister Vladimir Putin, Red Sparrow displays author Jason Matthews's insider knowledge of espionage, counter-espionage, surveillance tradecraft, recruiting spies, interrogation, and intelligence gathering. As The Washington Post hails, this is a "sublime and sophisticated debut...a first-rate novel as noteworthy for its superior style as for its gripping depiction of a secretive world.
