Lauded by dozens of pre-publication reviewers, this book asks its readers to reflect on some of the ethical aspects of being a student, and helps readers think clearly and powerfully about those issues. Through a highly effective case approach, the authors provide readers with specific, reality-based examples of the complex, controversial, and difficult ethical issues that students face on college campuses. Each chapter provides in-depth coverage of a specific topic through its presentation of a main case, discussion questions, positions and issues which surround the topic, followed by shorter cases and questions on the same topic. Topics include plagiarism, racism and hate speech, date rape, and alcohol use.
