Dreaming in Hindi: Coming Awake in Another Language Katherine Russell Rich

An eye-opening and courageous memoir that explores what learning a new language can teach us about distant worlds and, ultimately, ourselves.

After miraculously surviving a serious illness, Katherine Rich found herself at an impasse in her career as a magazine editor. She spontaneously accepted a freelance writing assignment to go to India, where she found herself thunderstruck by the place and the language, and before she knew it she was on her way to Udaipur, a city in the northwestern state of Rajasthan, in order to learn Hindi. Rich documents her experiences—ranging from the bizarre to the frightening to the unexpectedly exhilarating—using Hindi as the lens through which she is given a new perspective not only on India, but on the radical way the country and the language itself were changing her. Fascinated by the process, she went on to interview linguistics experts around the world, reporting back from the frontlines of the science wars on what happens in the brain when we learn a new language. She brings both of these experiences together seamlessly in *Dreaming in Hindi*, a remarkably unique and thoughtful account of self-discovery.
