Kryos 5...The Mega Millions Lotto system: Break The Bank ! Hans A. Adhemar
I am so glad to bring you this finding of mine. But first, i would like to thank you for the trust you put in me. My goal has always been of helping you reach your goal of getting bigger and bigger hits, making you a big winner. This is no Pick 3 or Pick 4, so if you purchased this system you already know the odds. But one thing which is interesting, is the rewards after hitting it big, you only need to hit it once and you're set for life. Again, i tried not to write too many pages, but only showed what is necessary to know. Be open and be positive, even if after trying 2-3 times you do not see wins.

This is no Pick 3 or Pick 4, you need to accept that. But just imagine that you win it big with this system...how would you feel ? What would you do with all this money ? yes it is possible, and there is a big difference of someone using a system and someone not using a system, the person not using a system, relies on mother luck to get the winnings, but the person using a good system is a true player, and knows that he or she stands a better chance of hitting soon or later. Did you notice how many people who won and not using a system, those people were just lucky, but can they do it again and again ? i think not !

How do we convince the lottery machine to spit out the winning lottery numbers ?
well i'm pretty sure that with this lottery book, you will soon hold a winning lottery ticket in your hands too. The trick with this lottery ebook is to find lottery patterns that show up.

Hello Hans, I recently ordered your p4 ATM and I didn't get a chance to study the system until Sunday afternoon. I was amazed how well it worked when I back tested just a few numbers. So I played in Oregon Sunday night and won $750.00!! This is the second time your system has brought me a winner! A short story about myself: I started being interested in the daily 4 here in MI around 2007 or 08. I just wanted to use simple math to win at least box nothing big. However, my simple math created str8 90% of the time. The flip side is it was too many sets and too long for the winner to come costing Too much Money! But the excitement of figuring out the daily 4 st8 2 weeks to a month ahead of time kept me studying and trying to narrow down the time frame and sets. So I came across lottery post from a mentor and realized that numbers travel when I saw all the state numbers on one page. So I started playing more states and still cost me too much money, because I would back test my numbers for one state and play those numbers in 8-10 states and it would fall a couple days later in another state so I started playing in all states too much money! So I knew I needed advice from a professional player. I lurked on lottery post and a guy praised your system so I purchased the legacy4, I won the next day! I recently purchased p4atm and 2tr8 and won the same night. Something that I wasn't able to do with my own strategy. I had many laugh at me saying I was crazy for believing in strategy and at times I questioned myself, but thanks to you I'm confident that I will keep winning using strategy.

Meet MK from Washington DC.

This customer has most of my systems, after receiving his brand new EZ Str8 system for Pick 4 ,he won a nice box hit. Here is what he wrote to me.

Guess what! I just start testing your EZ4 system and mirror them like you told me that it might do me a trick in DC.
They came out from 3938 to 2428. I won 2824 play only box for start like you stated. Actually I won straight many times from your Pick 3 system but I didn't get a chance to show you.

I told you that you're the BEST!, remember that.

Regards,
