This package includes a three-hole punched, loose-leaf edition of ISBN 9781118583104 and a registration code for the WileyPLUS course associated with the text. Before you purchase, check with your instructor or review your course syllabus to ensure that your instructor requires WileyPLUS.

For customer technical support, please visit <http://www.wileyplus.com/support>. WileyPLUS registration cards are only included with new products. Used and rental products may not include WileyPLUS registration cards.

This First Edition of *Statistics* moves the curriculum in innovative ways while still looking relatively familiar. *Statistics* utilizes intuitive methods to introduce the fundamental idea of statistical inference. These intuitive methods are enabled through statistical software and are accessible at very early stages of a course. The text also includes the more traditional methods such as t-tests, chi-square tests, etc., but only after students have developed a strong intuitive understanding of inference through randomization methods. The text is designed for use in a one-semester introductory statistics course. The focus throughout is on data analysis and the primary goal is to enable students to effectively collect data, analyze data, and interpret conclusions drawn from data. The text is driven by real data and real applications. Although the only prerequisite is a minimal working knowledge of algebra, students completing the course should be able to accurately interpret statistical results and to analyze straightforward data sets.

From reader reviews:

Joyce Adam:

People live in this new day time of lifestyle always try and must have the time or they will get lots of stress from both day to day life and work. So , whenever we ask do people have free time, we will say absolutely sure. People is human not only a robot. Then we question again, what kind of activity do you have when the spare time coming to you actually of course your answer will certainly unlimited right. Then do you try this one, reading books. It can be your alternative with spending your spare time, typically the book you have read is Statistics: Unlocking the Power of Data 1e Binder Ready Version + WileyPLUS Registration Card.

Patricia Diaz:

Reading a book to get new life style in this yr; every people loves to read a book. When you examine a book you can get a lot of benefit. When you read textbooks, you can improve your knowledge, because book has a lot of information onto it. The information that you will get depend on what sorts of book that you have read. If you need to get information about your study, you can read education books, but if you want to entertain yourself read a fiction books, this sort of us novel, comics, in addition to soon. The Statistics: Unlocking the Power of Data 1e Binder Ready Version + WileyPLUS Registration Card provide you with new experience in studying a book.

Donald White:

Is it you actually who having spare time in that case spend it whole day through watching television programs or just laying on the bed? Do you need something totally new? This Statistics: Unlocking the Power of Data 1e Binder Ready Version + WileyPLUS Registration Card can be the answer, oh how comes? The new book you know. You are consequently out of date, spending your spare time by reading in this new era is common not a nerd activity. So what these publications have than the others?

Donald Ventura:

As a student exactly feel bored to reading. If their teacher questioned them to go to the library or to make summary for some reserve, they are complained. Just tiny students that has reading's internal or real their interest. They just do what the instructor want, like asked to go to the library. They go to right now there but nothing reading critically. Any students feel that reading through is not important, boring and also can't see colorful photos on there. Yeah, it is for being complicated. Book is very important in your case. As we know that on this time, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore this Statistics: Unlocking the Power of Data 1e Binder Ready Version + WileyPLUS Registration Card can make you really feel more interested to read.
