SATYR: A 00-X Chromosome Story Daisy Boon

The revered MI5 special agent, Jamie Bound is now showing his age. In a modern universe his politically incorrect attitude is well past its sell-by date; his world can no longer revolve around promiscuous girls, spectacular explosions, caricature villains and guns. And to make matters even worse the world he has saved so often is once again in dire peril...

Men in all senior positions everywhere are being eliminated and then replaced by women and, inexplicably, it is all linked to a mercurial, enigmatic, black billionaire called Errol Satyr, although there is little hard evidence.

No powerful man is safe, and as the very last surviving British male operative it is suggested that the famous spy uses the new, ultra-secret technology to transfer temporarily into the body of a young woman for protection.

But while this option is not to his taste or style, it is dramatically forced upon him in a life and death situation, and he emerges with a new *modus operandi* which is - most disturbingly for him – a *licence to thrill!*

How will the misogynistic formerly celebrated, Secret Agent cope with having to relearn new things as the delectable, beautiful and seductive, Jane Bound? And will he be able to successfully use the most effective *weapon* he now has at his disposal? That is specifically his new desirous, sensual, feminine shape and form? A truly spectacular, new, libidinous novel from Daisy Boon introducing a new, cult hero (or heroine!) namely, Jane Bound in a first but hopefully not, a final mission. An extravagant story on a vast aspect and scale about gender alteration with all the delicious physical and mental adjustments entailed! Written with humour, poignancy and in sexually erotic detail; it is in *homage* to a mythical famous spy's adventures of the past but in the graphic eye or pen of the modern day.

Tantalus Press is proud to reveal the matinee performance of, Satyr a *00 X Chromosome Story*. We are more alike than we realise. The difference between male and female is a single X chromosome the subtle link between domination and submission or humiliation and in this instance, possible success!

Many people spending their period by playing outside together with friends, fun activity using family or just watching TV the entire day. You can have new activity to pay your whole day by reading a book. Ugh, do you consider reading a book can definitely hard because you have to bring the book everywhere? It alright you can have the e-book, delivering everywhere you want in your Touch screen phone. Like SATYR: A 00-X Chromosome Story which is getting the e-book version. So , why not try out this book? Let's notice.

Richard Lawrence:

As a pupil exactly feel bored for you to reading. If their teacher inquired them to go to the library in order to make summary for some book, they are complained. Just tiny students that has reading's spirit or real their leisure activity. They just do what the educator want, like asked to the library. They go to presently there but nothing reading very seriously. Any students feel that reading is not important, boring and can't see colorful pictures on there. Yeah, it is being complicated. Book is very important to suit your needs. As we know that on this period, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore this SATYR: A 00-X Chromosome Story can make you feel more interested to read.
