This best-selling transcription book is now printed in full color, enhancing the anatomical illustrations presented. The book and practice software create a simulation approach, giving learners a working knowledge of the medical reports most commonly used in hospital and ambulatory care settings. Learners transcribe a variety of reports from inpatient case studies taken from actual medical reports. Organized by body system, reports transcribed include history and physical examination, operative, pathology, radiology, and discharge summary. This bundle also includes an All N' One Transcription Kit from Martel Electronics which gives you the ability to play most audio file formats at variable speeds. The All N' One Transcription Kit includes a 3 function foot pedal, an ultra-comfortable stetho headset, tone/volume controls, and it works with all major word-processor applications.
