The Church - An Organization?? What are the Implications? Claudius "Peto" Francis

This is a fundamental question that all Christians need to revisit in light of a number of changing factors. The answer has implications for one's salvation. This book offers a framework for doing so. The Church is in the world for a reason and makes a tangible contribution to the well-being of the born-again Christian. I have seen the transitions evident in what people say about the Church, and much of these attitudes are due to the impact of Church-organization. The ability of the Church to function effectively is directly related to its identity. The Church is at an identity crossroads. That crossroads is being created by the growing clarification about the many issues in which the church was implicated. This book once again explores the question of the identity of the Church. This understanding is important for our salvation.
