A well-rounded guide for those interested in European financial markets

With the advent of the euro and formation of the European Union, financial markets on this continent are slowly beginning to gain momentum. Individuals searching for information on these markets have come up empty-until now. The Handbook of European Fixed Income Markets is the first book written on this burgeoning market. It contains extensive, in-depth coverage of every aspect of the current European fixed income markets and their derivatives. This comprehensive resource includes both a qualitative approach to products, conventions, and institutions as well as quantitative coverage of valuation and analysis of each instrument. The Handbook of European Fixed Income Markets introduces readers to developed markets such as the U.K., France, Germany, Italy, Spain, and Holland, as well as emerging markets in Eastern Europe. Government and corporate bond market instruments and institutions are also discussed. U.S.-based investors, researchers, and academics as well as students and financial professionals in other parts of the world will all turn to this book for complete and accurate information on European financial instruments and markets. Frank J. Fabozzi (New Hope, PA) is a financial consultant, the Editor of the Journal of Portfolio Management, and Adjunct Professor of Finance at Yale University's School of Management. Moorad Choudhry (Surrey, UK) is a Vice President with JPMorgan Chase structured finances services in London.
