## **The Cambridge Handbook of Personal Relationships (Cambridge Handbooks in Psychology)**

With the field of personal relationships having grown dramatically in the past quarter century, this volume serves as a benchmark of the current state of scholarship, synthesizing the extant theoretical and empirical literature, tracing its historical roots, and making recommendations for future directions. The authors are international experts from a variety of disciplines including several subfields of psychology, communication, family studies and sociology who have made major contributions to the understanding of relationships.
