Whether you are about to start a brand new career in Project Management, or you are an existing project manager that is now looking to climb that corporate ladder. This book will teach you how to manage your projects effectively from beginning to end.

The term Project Management is so broad and can be applied to so many aspects of business that a lot of people get confused by it. But don't worry, this book will break it down into bite-sized, relevant chunks that you can then take away and apply.

This book is not just your average "Project Management Guide". It's actually a fun read and you will enjoy this learning process more than those "other" guides. I promise!
