Kristin Montgomery is more than a little shocked when her aunts inform her they're fairy godmothers. Worse, after dropping that bombshell they hand her a wand and head off on a world cruise. Now Kristin's uncomplicated life as a CPA in San Diego has disappeared like magic and she not only has to deal with her burgeoning magical powers, but also a reluctant?and distractingly sexy?magical arbiter.

Tennyson Ritter is a historian. A scholar by choice, he is yanked from his studies to act as arbiter for the newly chosen fairy godmother. He doesn't want to waste his time with a woman who doesn't know anything about magic or the magical world, but soon the beguiling Kristin draws him away from his books and into her life.

But before Kristin can hone her skills and pass the tests necessary to fully claim her powers, she and Tennyson must work together to defend the world – both magical and human – against those that would claim her powers for their own.
