## **Ethics and Extermination: Reflections on Nazi Genocide** Michael Burleigh

This series of essays by one of today's most original and prolific scholars on German racial policy concern three interrelated aspects of Nazi Germany: relations with "the East," "euthanasia," and extermination. The collection includes important and wholly new contributions to the German-Soviet war and other national tragedies; to the controversial question of whether the Nazi analogy has any relevance to contemporary ethical discussions; and to the contemporary historiography, including works of fiction and literary criticism, of the Holocaust.
