Written by two of the world's leading Milton scholars, widely praised as "illuminating" (*Times Literary Supplement*), "seamlessly written" (*Publishers Weekly*), and "a book of permanent value" (*Literary Review*), and winner of the Milton Society's James Holly Hanford Award, this magnificent biography sheds fresh new light on the writings, the thought, and the life of poet John Milton. A more human Milton appears in these pages, a Milton who is flawed, self-contradictory, self-serving, arrogant, passionate, ruthless, ambitious, and cunning. He is also among the most accomplished writers of the period, the most eloquent polemicist of the mid-century, and the author of the finest and most influential narrative poem in English, *Paradise Lost*, which the book examines in detail. What Milton achieved in the face of crippling adversity, blindness, bereavement, and political eclipse, remains wondrous. Here is a fascinating biography of this towering literary figure—the first new serious study in forty years—one that profoundly challenges the received wisdom about one of England's leading poets and thinkers.
