Understanding Digital Literacies: A Practical Introduction

Rodney H. Jones, Christoph A. Hafner

Understanding Digital Literacies: A Practical Introduction Rodney H. Jones, Christoph A. Hafner

Assuming no knowledge of linguistics, *Understanding Digital Literacies* provides an accessible and timely introduction to new media literacies. It supplies readers with the theoretical and analytical tools with which to explore the linguistic and social impact of a host of new digital literacy practices. Each chapter in the volume covers a different topic, presenting an overview of the major concepts, issues, problems and debates surrounding the topic, while also encouraging students to reflect on and critically evaluate their own language and communication practices.

Features include:

- coverage of a diverse range of digital media texts, tools and practices including blogging, hypertextual organisation, Facebook, Twitter, YouTube, Wikipedia, websites and games
- an extensive range of examples and case studies to illustrate each topic, such as how blogs have affected our thinking about communication, how the creation and sharing of digital images and video can bring about shifts in social roles, and how the design of multiplayer online games for children can promote different ideologies
- a variety of discussion questions and mini-ethnographic research projects involving exploration of various patterns of media production and communication between peers, for example in the context of Wikinomics and peer production, social networking and civic participation, and digital literacies at work
- end of chapter suggestions for further reading and links to key web and video resources
- a companion website providing supplementary material for each chapter, including summaries of key issues, additional web-based exercises, and links to further resources such as useful websites, articles, videos and blogs.

This book will provide a key resource for undergraduate and graduate students studying courses in new media and digital literacies.

From reader reviews:

Ann Fout:

This Understanding Digital Literacies: A Practical Introduction book is absolutely not ordinary book, you have it then the world is in your hands. The benefit you get by reading this book is actually information inside this reserve incredible fresh, you will get data which is getting deeper an individual read a lot of information you will get. That Understanding Digital Literacies: A Practical Introduction without we realize teach the one who reading through it become critical in contemplating and analyzing. Don't always be worry Understanding Digital Literacies: A Practical Introduction can bring if you are and not make your case space or bookshelves' turn into full because you can have it within your lovely laptop even mobile phone. This Understanding Digital Literacies: A Practical Introduction having fine arrangement in word and layout, so you will not truly feel uninterested in reading.

Roger Cooper:

Information is provisions for individuals to get better life, information currently can get by anyone in everywhere. The information can be a understanding or any news even a problem. What people must be consider while those information which is in the former life are difficult to be find than now's taking seriously which one is appropriate to believe or which one typically the resource are convinced. If you have the unstable resource then you obtain it as your main information you will have huge disadvantage for you. All of those possibilities will not happen in you if you take Understanding Digital Literacies: A Practical Introduction as your daily resource information.

Marie Velasquez:

A lot of people always spent their own free time to vacation or maybe go to the outside with them loved ones or their friend. Are you aware? Many a lot of people spent they free time just watching TV, or even playing video games all day long. If you want to try to find a new activity honestly, that is look different you can read some sort of book. It is really fun for you. If you enjoy the book that you simply read you can spent the entire day to reading a e-book. The book Understanding Digital Literacies: A Practical Introduction it is rather good to read. There are a lot of people who recommended this book. These people were enjoying reading this book. In case you did not have enough space to create this book you can buy often the e-book. You can m0ore quickly to read this book from your smart phone. The price is not to cover but this book has high quality.

Carol Benally:

Your reading 6th sense will not betray a person, why because this Understanding Digital Literacies: A Practical Introduction publication written by well-known writer whose to say well how to make book which might be understand by anyone who else read the book. Written with good manner for you, leaking every ideas and composing skill only for eliminate your hunger then you still doubt Understanding Digital

Literacies: A Practical Introduction as good book not just by the cover but also through the content. This is one e-book that can break don't determine book by its protect, so do you still needing yet another sixth sense to pick this particular!?! Oh come on your studying sixth sense already said so why you have to listening to another sixth sense.
