Ethical Issues in Youth Work presents a systematic analysis of some of the core ethical dilemmas facing youth workers in their day to day practice. Among the topics discussed are:

*when to break confidentiality

*the ethics of religious conversion

*conflicts between cultures

*balancing the autonomy and control of young people

*maintaining an equilibrium between accountability to funders, employers and young people

This book also examines some of the key issues facing youth workers in the context of public fears of youth crime, lawlessness, drug use, teenage pregnancy and policies designed to control and contain as well as educate and care for young people.
