## **Ain't I a Feminist?: African American Men Speak Out on Fatherhood, Friendship, Forgiveness, and Freedom** Aaronette M. White

*Interview-based study of contemporary African American feminist men.*

*Ain't I a Feminist?* presents the life stories of twenty African American men who identify themselves as feminists, centering on the turning points in their lives that shaped and strengthened their commitment to feminism, as well as the ways they practice feminism with women, children, and other men. In her analysis, Aaronette M. White highlights feminist fathering practices; how men establish egalitarian relationships with women; the variety of Black masculinities; and the interplay of race, gender, class, and sexuality politics in American society. Coming from a wide range of family backgrounds, ages, geographical locations, sexualities, and occupations, each man also shares what he experiences as the personal benefits of feminism, and how feminism contributes to his efforts towards social change. Focusing on the creative agency of Black men to redefine the assumptions and practices of manhood, the author also offers recommendations regarding the socialization of African American boys and the reeducation of African American men in the interest of strengthening their communities.

“This book belongs on the shelf of any student, scholar, or teacher who wants to join White and her participants in constructing and living alternative masculinities for the transformation of the social order.” — *Feminist Teacher*

“[White’s] accounts of feminist men ... expose the reader to a side of African American men that is often not available in the mainstream media, or even in academic literature.” — *Sex Roles: A Journal of Research*

“...contains meaningful, intriguing, and eye-opening personal narratives of men largely unknown to the reading public ... a powerful book and a must-read for anyone seeking to deepen his or her understanding of some of the more important social issues of our day ... the narratives cum the author’s analyses and commentary make it likely that readers will experience a surge in compassion, empathy, and tolerance.” — *PsycCRITIQUES*

“White conducted the first empirical examination of African American male feminism.” — *CHOICE*

“The narrative excerpts in *Ain't I a Feminist?* provide candid, thought-provoking, and often surprising information about how men perceive change and what pivotal experiences cultivate their respect for girls and women as well as boys and men.” — SirReadaLot.org

“This powerful book makes a unique and substantive contribution to the fields of women’s studies, gender studies, ethnic studies, psychology, and sociology. It will surely garner a great deal of attention in the academy.” — Aída Hurtado, author of *Voicing Chicana Feminisms: Young Women Speak Out on Sexuality and Identity*
