Sylvan Barnet, Hugo Bedau

The unique collaborative effort of a professor of English and a professor of philosophy, *Current Issues and Enduring Questions* is an extensive resource for teaching argument, persuasive writing, and rigorous critical thinking. This extraordinarily versatile text and reader continues to address current student interests and trends in argument, research, and writing. Its comprehensive coverage of classic and contemporary approaches to argument includes Aristotelian, Toulmin, and a range of alternative views, including a new chapter on analyzing and writing about arguments in popular culture.

Readings on contemporary controversies (including student loan debt, locavorism, and the boundaries of online privacy) and classical philosophical questions (such as How free is the will of the individual?) are sure to spark student interest and lively discussion and writing, and new e-Pages take advantage of what the Web can do by including videos, speeches, film trailers, and other multimodal arguments.
